1. Basis of Presentation:

The financial statements of Quad Metals Corporation included herein have been prepared without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. Although certain information normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America has been condensed or omitted, Quad Metals Corporation believes that the disclosures are adequate to make the information presented not misleading. These financial statements should be read in conjunction with the financial statements and notes thereto for the fiscal year ended December 31, 2002 included in the registrant's Form 10-KSB.

The financial statements included herein reflect all normal recurring adjustments that, in the opinion of management, are necessary for a fair presentation. The results for interim periods are not necessarily indicative of trends or of results to be expected for the full year ending December 31, 2003.

2. Nature of Business and Plan of Operation:

The objectives of the Company are to seek, investigate and, if such investigation warrants, acquire an interest in business opportunities presented to it by persons or firms who or which desire to seek the perceived advantages of a publicly registered corporation. The Company has no recurring source of revenue and has incurred operating losses since inception. These conditions raise substantial doubt about the Company's ability to continue as a going concern as expressed by the Company's independent accountants in their report on the Company's December 31, 2002, financial statements. The interim financial statements do not contain any adjustments which might be necessary if the Company is unable to continue as a going concern.

ITEM 2 MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

General

This report contains both historical and prospective statements concerning the Company and its operations. Prospective statements (known as "forward-looking statements") may or may not prove true with the passage of time because of future risks and uncertainties. The Company cannot predict what factors might cause actual results to differ materially from those indicated by prospective statements.

Results of Operations

For the three month period ended March 31, 2003 compared to the three month period ended March 31, 2002

For the three months ended March 31, 2003, the Company had a net loss of \$9,492 compared to a net loss of \$6,703 for the three months ended March 31, 2002. The loss in the first quarters of 2003 and 2002 were primarily due to general and administrative expenses associated with the audit of the Company's financial statements and the preparation and filing of Form 10-KSB with the Securities and Exchange Commission.

Financial Condition and Liquidity

During the three month period ended March 31, 2003, the Company used \$8,800 of cash in operating activities. The Company may have to sell additional shares of common stock in order to fund basic operating expenses because there are no revenues from any operating activities.

ITEM 3. CONTROLS AND PROCEDURES

Based on their most recent evaluation, which was completed within 90 days of the filing of this Form 10-QSB, the Company's president believes the Company's disclosure controls and procedures (as defined in Exchange Act Rules 13a-14 and 15d-14) are effective to ensure that information required to be disclosed by the Company in this report is accumulated and communicated to the Company's management, including its principal financial officer, as appropriate, to allow timely decisions regarding required disclosure. There were no significant changes in the Company's internal controls or other factors that could significantly affect these controls subsequent to the date of their evaluation and there were no corrective actions with regard to significant deficiencies and material weaknesses.
